Susan Yates
91 Westfield Street
Barnwell SC 29812

I

It is getting close to that time to start getting ready to party. Mike Kerr has reserved his boat landing on Shem Creek for Friday night, March 23, to host a Meet and Greet for classmates in town. He has booked a guy to play music for us from 6:30 to 9:30, whose dad was one of the original DRIFTERS. This man is good especially with beach music. He normally gets \$650.00 for 3 hours, but Mike cut a deal for \$500. The creek shelter has electricity, and we can move all the tables outside so people can dance etc. Mike will set up coolers with ice and everyone can BYOB. If we can get enough folks to volunteer to help host, we might even have some oysters. They will still be in season. Mike will also bring firewood for the new fire pit. At night, it is really a beautiful place to party. No one complains about noise, and you can come and go as you please. If you want dinner, the other side of the creek has some of the finest seafood restaurants in the Southeast. At night, Mike says this is one of the prettiest places in Charleston.

Most of our Committee members have already agreed to contribute, but if you are willing to help sponsor this get together, please send a check for \$25 to Henry Kerr, 642 Pawley Road, Mount Pleasant, SC 29464, by 2/15/12.

We are sending this request to a few from each class and Charleston/Mount Pleasant folks who we know will be in town on Friday night.

Thanks for your help.
